I know we will be speaking on the conference call this afternoon, but I wanted to clarify a conversation we had yesterday regarding the EXPLO contract. Lt. Porter is not able to release the contract that he has in his possession, due to the criminal case LSP is pursuing against EXPLO. I would like to formally request a copy of the contract to you. Please let me know if this email is insufficient and should draft a more formal request.

Thanks again for all your help.

-Those CCed on this email are the EPA attorneys assigned to the EXPLO site, I cced them as an FYI only; since they requested the contract initially-
